

ZAKŁADY CHEMICZNE "Siarkopol" TARNOBRZEG Sp. z o.o.

## QUALITY POLICY

The primary objectives of the Quality Policy of ZAKŁADY CHEMICZNE "Siarkopol" TARNOBRZEG Sp. z o.o. are as follows:

- satisfying customer requirements and expectations while making efforts to maintain the quality of products and services on at least the same level as the competition,
- continuously improving the performance of the Quality Management Systems of ZCh according to the current versions of PN-EN ISO 9001:2015 and PN-EN ISO/IEC 17025:2018-02

The objectives of the Quality Policy in the context of the organisation are as follows:

- monitoring customer needs and expectations,
- improving procurement processes to prevent non-conforming deliveries,
- improving production processes to reduce production costs,
- ensuring process stability to reduce the number of non-conforming products,
- systematically improving personnel qualifications,
- conducting industrial activity in a manner safe to the personnel and friendly to the environment,
- ensuring that company personnel are fully committed to pursuing the established quality objectives.
